#### Is it possible to graduate in Ph.D. programs at the University of Applied Sciences?

The University of Applied Sciences ("HAW" = "Hochschule für Angewandte Wissenschaften") does not offer such programs. It is possible only at fully fledged Universities, which are called "Universität" in Germany. The requirements for application are different from faculty to faculty. Please contact them directly.

### Language

#### Do I need knowledge of German language before starting to study?

It is recommended to have basic German knowledge to facilitate the settling down in Germany. There is an intensive German language course starting in mid September resp. beginning of March. More German language courses are offered alongside the other courses.

#### What level of English fluency is required for application?

TOEFL test with score of 173 computer based minimum or equivalent.

#### Which language will be spoken during the lessons?

All courses are taught in English.

#### What is the code for TOEFL?

The Code Number is 7764, Hochschule Karlsruhe - University of Applied Sciences.

But it is better to send the result directly to the Faculty of Information Management and Media.

## General information

### Where can I find information about scholarship?

[Link Scholarships](#)

### What is the average program duration?

1.5 years (3 semesters)

### Can I get a part-time job at the faculty?

A small number of scientific as well as non-scientific jobs are offered by the faculty. Maximum salary is 450 Euro per month, which is not sufficient for covering all living expenses.
