# Student of the Year Esri Award 2022

Wir suchen...

We are looking for...

*award-winning software application  
by student(s) of IMM/HKA  
based on Esri software*

## Teilnahme / Application

- We encourage the submission of single or group applications. In case of group work, specify the main contributor.
- The focus of the presented work must lie on software development with Esri products.
- The submission (in English) should consist of 1 to 2 pages descriptive text (with focus on programming part) and a meaningful graphics.
- **Deadline: 4 March 2022.**
- Please submit by email to Prof. Dr. Schaab (gertrud.schaab@h-ka.de) or Christian Stern (christian.stern@h-ka.de)

All applications will be reviewed and ranked by a committee of lecturers teaching GIS at IMM to decide on the Student of the Year for IMM/HKA. The best listed project will be forwarded to Esri and has the chance to compete with others from Germany/Austria/Switzerland and even internationally. The winner from HKA will receive 500 US\$. Esri might even invite you to the international Esri User Conference in San Diego.
