Starting with winter semester 2017/18, international students at higher education institutions in the Federal State of Baden-Württemberg are required to pay a tuition fee of 1,500 EUR per semester. According to § 3 LHGebG, international students of Non-EU/EWR nationality are affected.

As an international student you are in principle liable to paying the fee. However, the law allows for some exceptions. If you fulfill the requirements to these exceptions and are able to submit proof of this prior to registering as a student you are exempt from the tuition fee.

**In order to allow HsKA to evaluate your status and decide if you need to pay the tuition fee or are exempt please print out this form, answer the questions below, and submit the filled-in form as well as required proof (simple copy) by the date of registration, at the latest one working day before the start of lectures.<sup>1</sup> Please indicate by an x only those statements which apply to you. You need to present the required proof as original documents or as officially certified hardcopies when registering as a student or collecting the Campus Card at the Student Registry located in building R.**
