AISS ALUMNI TESTIMONIALS

Friendship. I love on how all of us can be live **like a family here**. Everyone keep helping each other. Even we're from different background, but **AISS has been unite us together**. :D

I like the KCW and many activities, they were funny. The intern Korean students are also kind and nice.

I really liked how the program was organized. I really like going to the field trip on the first week as I was able to make a lot of friends during that time. **I really liked how everything was so interactive!**

I loved the Ajou International Summer School program and would **gladly take this program again!** I was such a great opportunity to meet and interact with people from all over the world. At the end of the trip we all felt like a great big family who looked out for each other.

AISS is really one of the **best memories that I will treasure in my life**. All the moments, are the most beautiful moments that I ever had. I'm so glad to be part of this family and I hope to see you guys again. I'm sure want to visits Ajou again. Overall, thank you so much for everything.

I don't have enough words in my vocabulary to express how satisfied I am with the program. To the students who want to join, DO IT. AISS is one of those **special once-in-a-lifetime experiences that you will want to revisit all the time**. For me, it was the best experience of my life, and I would give anything to go back and re-live the days I spent in South Korea as an AISS student.

I LOVE AISS. If I got chance to repeat it again, I'll never think twice like before. I'm really grateful with the decision that I've made by joining AISS. **I love Ajou, I love Korea♥**
