Fact and Figures

Interesting facts about TUIASI

TUIASI University Library is considered one of the most beautiful libraries in the world - Not only does it houses thousands of technical volumes, but its stunning architecture and design have earned it recognition as a global architectural gem.

TUIASI leads in sustainability – being the first university in Romania to have a fully LED-lightning campus.

TUIASI has a racing team run by students, which designs and builds race cars from scratch to compete internationally. Our students don't just learn engineering—they put it into action, proving that science and speed go hand in hand.

TUIASI students designed the most wonderful university's auditorium featuring 3,000 laser-cut silhouettes - the **auditorium's** back wall showcases the face of Gheorghe Asachi, created from 3,000 human-shaped laser-cut plexiglass silhouettes, all placed by volunteer students.

CLIMATE

The climate of Iasi is **continental**, with cold winters and warm summers.

You can check the weather's forecast:
