- How is it relevant for INGENIUM priorities as listed in the call?

Quality (Maximum score: 40 points)

- Project plan: planned activities and timeline of the project
- Who are the applicants and why are they applying? How do they complement each other? How will the project contribute to the creation of a long-lasting collaboration?
- Is there any collaboration with academics, management structures of the university, or external actors such as NGOs, companies, or local authorities?

Impact (Maximum score: 30 point):

- What impact is this project going to make?
- Which target groups will be reached?
- How many people are you going to reach, and how?
- What long-term impacts could this project have beyond its timeline?? Is there any aspect that future student projects could build on?

Does this project represent a continuation or scale-up of a previously funded INGENIUM student project?*

No

Yes

If yes, please explain:

- Title of the previous project (title) and universities involved
- How does this new proposal builds on, extends or scales up the previous project and what added value it brings (max. 400 words)

(*Scale-up project should clearly add added value, innovation or new results and be strongly justified)
